Western/Slauson First-Last Mile Project

Safe and accessible streetscape improvements facilitating First-Last Mile connections, incentivizing transit ridership.

South LA Stress-Free Streets

50 new speed humps along 4.4 miles of roadway to slow down cars and ensure the street is inviting for all who travel there

Metro Free Monthly Pass Program

Free transit passes for all 9,051 students at 15 schools in the project area, plus 1,400 free passes for low-income and senior-aged residents.

LADOT EV Charging Stations

16 EV car charging stations in 4 parks, in partnership with Recreation & Parks Department

LADOT EV Car Sharing Expansion

Increase all-electric car sharing program by adding up to 8 additional stations (an estimated 40 Level 2 charging points) and up to 24 electric vehicles.

LADOT E-Bike Library

Expand LADOT E-Bike Library by 250 E-bikes to the upcoming 200 E-bike fleet library funded by CARB.

Single-Family Home Solar Installation

Install 448 KW of photovoltaic systems on 140 single-family households earning 80% or less of area median income.

Cool Pavement

Create network of cool pavement on 15 lane-miles of local streets (approximately 40 city blocks).

Cool Roofs

Installation of 84 cool roofs on residential homes in the project area, in advance of installing photovoltaic systems.

Community Canopy

Plant and care for 4,000 street and parkway trees. Distribute an additional 2,000 residential shade and/or fruit trees.

School Greening

Urban greening features at 52nd Street Elementary School, providing 2-acres of heat island and stormwater capture benefits.

Community Engagement Plan

Forums, workshops, and events, including one CicLAvia every year.

Displacement Avoidance Plan

Know-your-rights education for tenants, eviction defense services, creation of a Small Business Alliance, small business technical assistance.

Workforce Development Economic Opportunities

Training program in solar panel installation / multi-craft core curriculum (MC3) training through pre-apprenticeship programs for community members.

South Los Angeles Transit Empowerment Zone
